

Explorer Prime Xtreme 9 LED Light

Lightweight Body And Focused Beam For Truck & Transport

The Explorer is a lightweight yet durable LED for Truck and Transport upgrades. The Explorer Lighting Series for truck and transport provides forward-projection lighting from a traditional form factor light. Available in both 9 LED configuration, this high-powered light is up to the challenge of area lighting or forward-projection for commercial and industrial vehicles.

5 WATT XTREME LIGHTING

The Explorer uses 5 Watt LEDs for the combination of the most distance and most intense light output.

PRIME DRIVE TECHNOLOGY

With Prime Drive, Electronic Thermal Management maintains a safe operating temperature for the light without sacrificing output.

DIMMING CAPABILITY

Pulse Width Modulation circuitry flashes the LED faster than the human eye can see to achieve dimming capability.

EXTRUDED ALUMINUM

Extruded 6061 Aluminium is used to achieve an ingress Protection rating of IP-68, creating a light bar with unmatched durability.
