Xtreme Light Output OE Upgrade for Commercial/Industrial

Round housing for commercial and industrial vehicles to improve safety and light output with 5 watt LED delivering 90% efficiency.

5 WATT XTREME LIGHTING

The Utility Market Series uses 5 Watt LEDs for the combination of the most distance and most intense light output.

COMMERCIAL LIGHTING

The UM Series was designed to provide superior light output while reducing cost, reducing energy consumption, and boosting output at an attractive price.

HIGH OUTPUT

Get more light output than a 100 watt halogen light while drawing less power and reducing wear on associated components.

DIE-CAST ALUMINUM

The die-cast aluminum housing provides strength and durability for commercial applications or use in factory replacement applications.

UMX Round: Serving as an OE upgrade for commercial and industrial applications, the Utility Market Series delivers increased output and spread over comparable halogen solutions. The Utility Market series is also used in a number of Vision X Vehicle Specific lighting upgrades.
