

Dura Mini Combo LED Light

Compact 2.75" LED 5-Watt

The DURA Mini Combo offers outstanding light output from a small 2.75" compact housing. Utilizing 5-Watt LEDs, the DURA Mini operates with an extremely low amperage (3.34A@12V) while outputting 2,115 raw lumens. Weighing in at under 1 pound, the DURA Mini is the ideal light for those needing powerful light in a limited space.

Features

- ▶ Four High Output 5-Watt LEDs For 20 Total Watt
- ▶ Weatherproof Deutsch Connector
- ▶ Die-Cast Aluminum Housing
- ▶ Polycarbonate Lens
- ▶ Single Stud Mount

ComboBeamPattern

The DURA Mini Combo Beam pattern combines the distance of a spot beam with added peripheral illumination.

Die-CastAluminumHousing

Although small in size, the DURA Mini has no issue being put to work. The Die-Cast Aluminum Housing has the strength to keep working in any application.

Dura Mini Series Usage Guide

DURAMiniCombo: Was designed with fleet vehicles in mind. Reducing cost, reducing energy consumption, and boosting output at an attractive price.
