Low Mount or Wall pack LED Light fixture

Designed to outshine and outlast the competition, the Junction Box fixture features advanced electronic technology like Pulse Width Modulation, Electronic Thermal Management, and a Redundant Circuit Design that allow the fixture to function even if half of the light should fail for unknown reasons. This is part of the effort by Vision X to ensure that the Junction Box fixture is the most dependable LED fixture in the workplace.

SURFACE MOUNTED LIGHT Usage Guide

Structural solutions from Vision X are bundled with power supplies that allow for a 110V-277VAC Power input range, as well as junction boxes to protect the electrical connections.
